NOTICE TO PEOPLE WITH DISABILITIES

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics (also posted in the Daily Calendar on the CPUC website).

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor's Office at least three business days in advance of the meeting. Contact the Public Advisor's Office by any one of the following:

- e-mail: public.advisor@cpuc.ca.gov
Voice: 415-703-2074
FAX: 415-703-1758 (Attn: Public Advisor)
- TTY: 1-866-836-7825 (toll-free)
- 1-415-703-5282

NOTICES

Delivery of Formal Pleadings for Filing

Unless otherwise directed, all courier-delivered documents submitted for filing as part of the formal record in a proceeding should be hand-carried directly to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue in San Francisco; Suite 500, 320 West

4th Street in Los Angeles; or Room 4006, 1350 Front Street in San Diego. All documents sent through the mail for formal filing should be addressed ONLY to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue, San Francisco, CA 94102.

Charge for Commission Documents

To purchase Commission documents, there is a charge of 20 cents a printed page (postage prepaid) with a minimum purchase of \$2.00.

Commission Resources Available for Rental

The auditorium, hearing rooms and training room at the headquarters of the California Public Utilities Commission, located at 505 Van Ness Avenue, San Francisco, are available for rent. Further information about requirements and fees can be obtained by contacting Colette Kondo at (415) 703-1401.

SUBSCRIPTION INFORMATION

Subscription Notice for Draft Agenda Items

In compliance with Public Utilities Code Section 311.5, parties who wish to subscribe to receive draft agenda items may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The cost for a one-year subscription to the entire public agenda package (which excludes Executive Session materials) is \$1,000. You may also order a partial agenda package (energy agenda items only or telecommunication agenda items only) at the cost of \$500 per year. The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. If agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and Sacramento field offices. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. These locations will not receive agenda items that are not ready on the distribution date.

If an agenda item is held over to a subsequent Commission meeting, that agenda item and any revisions to that agenda item that were available on the morning of the initial Commission meeting (as well as any further available revisions) will be mailed in the Escutia package for the subsequent Commission meeting; the item and its revisions will also be available for viewing and photocopying in the Commission's Central Files Office and field offices as set forth above.

Intervenors who have a financial hardship determination pending or granted shall be eligible to receive draft agenda item packets at no charge.

The cost to receive the agenda only, without copies of draft agenda items, remains at \$75 per year.

Subscription Notice for Daily Calendar and/or Agenda

Parties who wish to subscribe to the Daily Calendar and/or the Agenda may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The subscription cost for the Daily Calendar is \$225 per year. The Biweekly Daily Calendar is \$50 per year. The Agenda is \$75 per year. Checks are to be made payable to the Public Utilities Commission.

07/16/01 A00-06-032 Southern California Gas Company, for authority to implement a rate for peaking service as ordered by D.00-04-060.

Summary: LATE FILED. On July 10, 2001, Thomas Beach, consultant and expert witness for Watson Cogeneration Company (Watson), participated in an all-party meeting with Cmmr. Duque in San Francisco. Also present were Laura Krannawitter, advisor to Cmmr. Duque and other attendees identified on the list attached to the notice. Beach explained that Southern California Gas Company's (SoCalGas) Residual Load Service rate for natural gas peaking service has stood as a barrier to the entry of new pipeline capacity. Beach expressed Watson's support for the alternate and stated that the only change it recommends is the removal of the language that commits to reviewing the new peaking rate in the next SoCalGas biannual cost allocation proceeding. Beach indicated that Watson agrees that the demand charge for firm peaking service should be designed using noncore customers' coincident peak demand on the SoCalGas system. Beach stated that Watson would not oppose the Office of Ratepayer Advocates' proposed demand charge based on noncoincident usage, although Watson prefers the alternate's approach. Beach asserted that if the Commission is concerned about firm peaking customers paying too little, it should adopt Watson's proposal for a floor on the firm peaking rate, at the standard tariff rate. Beach also indicated Watson's support for a low-priority interruptible peaking rate at an all-volumetric rate. Beach argued that assertion that interruptible peaking service would be "virtually firm" is belied by the experience of the past year in the energy markets and urged the Commission not to repeat past mistakes. Beach noted that new pipeline capacity into southern California would help to relieve the bottleneck on the SoCalGas system at the Topock.

Summary: On July 11, 2001, Thomas Beach, consultant and expert witness for Watson Cogeneration Company (Watson), participated in an all-party meeting with Cmmr. Wood in San Francisco. Also present were Steve Weissman, advisor to Cmmr. Wood and other attendees identified on the list attached to the notice. Beach explained that Southern California Gas Company's (SoCalGas) Residual Load Service rate for natural gas peaking service has stood as a barrier to the entry of new pipeline capacity. Beach expressed Watson's support for the alternate and stated that the only change it recommends is the removal of the language that commits to reviewing the new peaking rate in the next SoCalGas biannual cost allocation proceeding. 07/16/01 A01-06-020 Pacific Gas and Electric Company, for Approval of
Open Season Procedures for Awarding Firm Capacity
on its Transmission Facilities.

Summary: On July 11, 2001, Brian Cherry, Manager, Regulatory Relations, Pacific Gas and Electric Company (PG&E), initiated a telephone communication with Julie Halligan, advisor to Cmmr. Bilas. Laura Krannawitter, advisor to Cmmr. Duque, and David Gamson and Belinda Gatti, advisors to Cmmr. Brown, also participated in the conversation. Cherry stated that the Commission needed to approve PG&E's Open Season so that PG&E could effectively compete with interstate pipelines offering binding commitments through parallel Open Seasons. Cherry stated that without some indication of binding customer support from an Open Season, PG&E might not be in a position to have expansion capacity by January 1, 2003.

Summary: On July 11, 2001, Brian Cherry, Manager, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Cmmr. Bilas in San Francisco. Also present was Julie Halligan, advisor to Cmmr. Bilas, and Les Guliasi, Director, Regulatory Relations, of PG&E. Cherry explained that PG&E's Open Season would need to be approved expeditiously. Cherry stated that interstate pipelines were actively engaged in signing binding contracts with PG&E's customers. Cherry stated that barring the utility from engaging in an Open Season would result in customers choosing potentially uneconomic bypass service. Cherry also stated that without an Open Season to determine the level of customer support for expanding transportation infrastructure, coupled with the real threat of interstate pipeline bypass, that expansion of PG&E's intrastate was not likely to be pursued. Cherry noted that approving the Open Season would not prejudice the review of a post-Gas Accord market structure.

07/16/01 I87-11-033 Commission investigation into alternative regulatory frameworks for local telecommunications exchange carriers.

Summary: LATE FILED. On July 10, 2001, Cynthia Marshall, Senior Vice President – Regulatory & Constituency Relations of Pacific Bell Telephone Company (PacBell), met with Cmmr. Brown in San Francisco. Also present was James Young, General Attorney and Assistant to General Counsel of PacBell. PacBell representatives stated that the Office of Ratepayer Advocates has engaged in an unauthorized audit of PacBell, in that they have made discovery requests that goes beyond the "shadow" audit and the scope of the Commission approved audit. PacBell urged the Commission to adopt the alternate of Cmmr. Duque, which modifies that language in decision 01-02-041.

07/16/01 I00-11-002 Investigation into the adequacy of the Southern California Gas Company's and San Diego Gas & Electric Company's (SDG&E) gas transmission

systems to serve the present and future gas requirements of the SDG&E's core and noncore customers.

Summary: On July 13, 2001, Debra Reed, President of San Diego Gas & Electric Company (SDG&E), sent a letter (attached to the notice) to Cmmr. Lynch. Copies of the letter were also sent to Cmmrs. Wood, Bilas, Duque, and Brown. Reed referred to the Commission's request for a written statement from SDG&E regarding their expectations for gas curtailments this summer. Reed explained that there are a number of contentious issues in this investigation and it is inappropriate to debate these matters through multiple letters. Reed urged the Commission to carefully review the record.

07/16/01 A01-06-020 Pacific Gas and Electric Company, for Approval of Open Season Procedures for Awarding Firm Capacity on its Transmission Facilities.

Summary: On July 11, 2001, Joseph Karp of White & Case LLP, counsel to the California Cogeneration Council (CCC), met with Cmmr. Lynch, Linda Serizawa, advisor to Cmmr. Wood, David Gamson, advisor to Cmmr. Brown, and Cmmr. Bilas in four separate meetings in San Francisco. Also present was Bob Sheffield, Energy Manager for Gaylord Container, a member of the CCC. In the meeting with Cmmr. Lynch also participated Trina Horner, advisor to Cmmr. Lynch. Karp and Sheffield stated that the market does not want an open season for capacity on the Pacific Gas and Electric Company (PG&E) natural gas transmission system at this time, and recommended that the open season should be postponed for at least one month. Karp and Sheffield stated that gas-fired cogenerators which bid for and are awarded capacity in the open season should be allowed to reduce their capacity awards in the event that PG&E rejects its power purchase agreement with them.

07/16/01 A00-06-032 Southern California Gas Company, for authority to implement a rate for peaking service as ordered by D.00-04-060.

Summary: On July 11, 2001, Michael Day of Goodin, MacBride, Squeri, Ritchie & Day, counsel for Questar Southern Trails Pipeline Company and Kern River Gas Transmission Company, spoke by telephone, with Trina Horner, advisor to Cmmr. Lynch. Day indicated that the interstate pipelines support the peaking rate methodology contained in the alternate and the original recommendation of Watson Cogeneration for a floor on the peaking rate equivalent to the standard tariffed rate. Day also stated his belief that deleting the portion of the alternate which called for a review of the peaking rate in the next biannual cost allocation proceeding was a very important change, as a duplicate review so soon after the decision would cause continued uncertainty.

Summary: LATE FILED. On July 5, 2001, Mark Moench, general counsel for Kern River Gas Transmission Company (Kern River), met with Cmmr. Brown and Trina Horner, advisor to Cmmr. Lynch, in two separate meetings in San Francisco. At the meeting with Cmmr. Brown also present was Belinda Gatti, advisor to Cmmr. Brown. Kirk Morgan, Director of Marketing for Kern River, Ned Greenwood, project manager for Questar Southern Trails Pipeline Company (Questar), and Michael Day of Goodin, MacBride, Squeri, Ritchie & Day, counsel for Questar and Kern River, participated in both meetings. Day indicated that the interstate pipelines support the peaking rate methodology contained in the alternate. The parties indicated that a demand charge based on customer's peak usage during the system peak is a proper means for calculating a peaking rate. Day indicated that the interstate pipelines recommend deleting the portion of the alternate which called for a review of the peaking rate in the next biannual cost allocation proceeding as this would cause continued uncertainty. Greenwood indicated that potential customers of Questar have indicated that uncertainty in the amount of the peaking rate is a major deterrent to selecting an alternate gas supplier. Day stated that the interstate pipelines also recommended a 120% cap on interruptible rates. In addition, Day stated that application of the peaking rate to new customers was unwarranted.
